

Fiber Internet

In today's digital environment, your Internet connection is the backbone of your business – powering everything from your voice services to your payment processing. Bandwidth needs are increasing by the day and will continue to do so.

Kinetic Business Class Fiber Internet provides the ultimate in speed and reliability. Speeds up to One Gig are delivered via the most current Internet technology – our highly-reliable fiber connections. We have speed options, including access to symmetrical upload and download speeds, that can power your business needs today and expand to meet the needs of tomorrow.

FEATURES:

Speeds up to One Gig

Symmetrical upload/download speed options

Highly reliable, future-proof technology

No data caps

Static IP addresses available

24/7 dedicated business support

30-day satisfaction guarantee

BENEFITS:

Connect multiple devices without sacrificing speed

Faster credit card processing

Quicker uploads and downloads for email and file sharing

Improves cloud application performance

Enables high-quality voice and conferencing services

Scalable for future business growth

You need a future-proof Internet connection that can expand as your bandwidth needs grow.
